

Dr. Mohsen Rezaei was graduated from Amir Kabir University of Technology. In 1996, he entered IRIB as a technical engineer and spent many years at different levels of management in the technical field and over a six-year period, he worked as Deputy head of Iranian Space Agency; however, he successfully ended his mission in ISA, due to the announcement from the IRIB, he backed responsible of implementing the IPTV project of this organization. In the new structure for IRIB cyberspace deputy, he is leading the Interactive TV center which is included IRIB IPTV operator (Shima), interactive TV operators, and content marketing (Bazaar). During his management, he has played an important role in the development of the IRIB and ISA based on strategic megaprojects in various technical and services fields.
